

### **Deliverable 5.5.1-Enhancement of touristic infrastructures (Rowers' facilities)**

In the framework of D5.5.1 Municipality of Emmanouil Pappa purchased equipment for the rowing track of Pethelinos. More specifically the Municipality bought a floating platform and oars which will enhance the equipment of the rowing course. The new floating modern platform will also serve larger boats that take part in rowing events and the enhancement of rowing equipment will meet the needs of more athletes practicing in the rowing course. Now the Municipality will be able to organize more and bigger events and meet the needs of its athletes.
